CABINETS

Visible by day & radiant at night, cabinet displays can act as your main company signage, or accent channel letters to compliment your brand or message.

Our in-house fabrication team have the ability to produce an extensive range of colors, shapes & finishing.

CHANNEL LETTERS

Channel Letters are a great way to create a high impact for your company signage by awarding an impressive 3-Dimensional visibility for the viewer.

Fabrication materials vary depending on what look you are going for. Options include aluminum or acrylic faces mounted to a backer panel with return for depth, or used as a push-through letter. Illumination options include halo-lit and/or front-lit luminescence.

PYLONS & MONUMENTS

A well-designed freestanding pylon or monument sign will assist in attracting customers to your business, while increasing visibility from a distance.

We strive to use the highest quality materials available, strengthening the lifespan of your sign for many years to come. Designs can range from a single pole concept to an elaborate structure that compliments the building's architecture.

DIGITAL DISPLAYS

A dynamic, full-color LED display creates excitement in ways that static signage misses. Brilliant colours, smooth movement, and sharp contrast capture the eye and inspire imagination.

Communicate key information to your audience, such as promotions, time and/or temperature to establish yourself as a reliable information source and a community landmark.

Hi Signs | THE FATH GROUP is Western Canada's most diverse sign company; leaders in design, manufacture, install, service and rentals. Our dedicated, skilled sign professionals are passionate about producing the highest quality products. **With integrity and innovation we provide our clients with valuable sign solutions.**

WAYFINDING SIGNAGE

A well-designed wayfinding system helps people know where they are, where they are going, and find the best route to get there.

At Hi Signs, we offer our expertise to assist in the development of wayfinding signage for complex facilities, both for indoor and outdoor use.

VEHICLE WRAPS

Maximize your company exposure with eye-catching vehicle graphics! Your vehicles can be part of on-site promotions at your company's events or used as a traveling advertisement for your brand.

We use high quality products from suppliers such as 3M and Arlon, which are applied by our expert installers. Boost public exposure for your company even more by wrapping your company's entire fleet!

FLAT SIGNAGE

Our in-house design & print teams are on stand-by to assist in the layout & execution of any signage requirements you may have.

From traffic signs to anything custom, creating a design and using materials that are perfectly suited to your needs are what we are here for.

TRAFFIC & RENTALS

We offer a wide variety of rental and purchase products & accessories for small to large road projects. Our vast inventory includes message directors, arrow boards, barricades, stands & much more!

Traffic On-Demand is a collection of signs kept in stock to meet the growing needs of our customers.
