

SIGN EXPERTS SINCE 1974

A photograph of a wooden wayfinding signpost with three directional signs: 'Directory', 'Home Accessories', and 'Parks & Recreation'. The signpost is set against a clear blue sky.

WHAT WE DO BETTER

WAYFINDING SIGNAGE

Wayfinding is about getting from A to B while using a minimal amount of required signage to direct people where they need to go. We can help make sense of your wayfinding.

WHAT WE DO BETTER

ENVIRONMENTAL DESIGN

Effective signage is not about using more, but using less. Spaces should present a certain feel and vibe. We can help accent your interior and exterior space with visual graphics and patterns to compliment your space.

WHAT WE DO BETTER

PYLONS + MONUMENTS

Signage is your first impression. Pylons and monuments offer a bold statement at the entrance of your property or community. We can manufacture a completely custom sign to meet any size or budget.

HISIGNS.COM/PYLONS

WHAT WE DO BETTER

CHANNEL LETTERS + CABINETS

Channel Letters provide an impressive 3D visual effect making it visible at wider viewing angles. Sign Cabinets and Channel Letters are visible night and day with optional LED illumination.

WHAT WE DO BETTER

ELECTRONIC DIGITAL DISPLAYS

Programmable message centres are becoming more popular to convey changing graphics and important information. We have the experience to incorporate digital displays in a variety of applications.
